Support Centre:	Gqeberha	Module Name:	Creative Project: Game Production
Due Date:	31 August 2026	Module Code:	HCGDP1181
What is the milestone for this week?			
To begin my research for the provided assignment, and to determine whether I want to pursue the technical side (coding) or the creative side (3D modelling).			
Have you achieved this milestone? Mark it with an X			
YES	☒	NO	☐
List what you have achieved this week.			
I have chosen which path I would like to take regarding the game's production: the technical, coding side. This involves system management and developing a functional breeding system. I have found game references for inspiration that will act as a blueprint for my own system.			
If any, list any changes you have made to your initial proposal due to insufficient time or scope.			
There were no changes, as I dedicated this time to research.

Due Date:	5 September 2026	Module Code:	HCGDP1181
What is the milestone for this week?			
To create the breeding system in Unity, alongside polishes and tweaks.			
Have you achieved this milestone? Mark it with an X			
YES	☒	NO	☐
List what you have achieved this week.			
I have created the breeding system in Unity, as well as thought of a better method than my original.			
If any, list any changes you have made to your initial proposal due to insufficient time or scope.			
While I have successfully created a breeding system, I ended up changing the mechanics during the following week.

Due Date:	10 September 2026	Module Code:	HCGDP1181
What is the milestone for this week?			
To implement the new and improved breeding system.			
Have you achieved this milestone? Mark it with an X			
YES	☒	NO	☐
List what you have achieved this week.			
I have implemented the new breeding system, which feels much more natural and supports the game company's vision and design. I also added a mutation system.			
If any, list any changes you have made to your initial proposal due to insufficient time or scope.			
There were no changes. I was happy with the outcome and also wanted to submit on time.
